## Bowl Table Lamp

*Knut Bendik Humlevik*

The soft reflections of the toned glass shade give the Bowl Table Lamp the mystery and allure of a raging camp fire. The smoky aura of the glass is combined with the textured copper base, alluding to traditional lanterns, the inspirational starting point for the design. A contemporary light with a historical aesthetic, the soft lines create an inviting form and comforting glow.

New finishes to the inviting form on the Bowl Table Lamp sees its aesthetic move into a more contemporary setting. Now available with a stainless steel base and light smoked glass shade, its simple yet alluring form has been brought to the fore.
